RE: WORD OF GRATITUDE AND THANKS

Thank you for the trust you put in me and for being the best two role models , in work and play , that I have ever encountered.

I believe that one needs someone to look up to and to follow.

Not only have you fulfilled this need but also added so much more out of your own.

The reason why things have turned out the way that they have is due to the fact that you do things a little differently to the average company executives.

**The average person looks to build his own wealth,
you look to grow yours by growing other peoples first.**

**The average person looks to grow his staff in knowledge,
you look to grow your staff in courage and confidence,
the need for knowledge comes out of this.**

**The average person teaches how to dream,
you teach how to achieve dreams.**

**The average person sees profit share as sacrifice,
you see it as growth and success.**
